Feedback Instrument

Introduction

This report details a summative feedback questionnaire designed to evaluate a 48 week web development course. Summative feedback, gathered at the *end* of a learning experience, is crucial for instructors. It provides actionable data to assess overall effectiveness, identify areas for significant curriculum revision, and inform future course design – ultimately improving student learning outcomes. This questionnaire aims to collect that data through student responses to targeted questions.

Summative Feedback Instrument

Name: _____ (Optional) Course: _____

Beginning Date _____ End Date _____

Please provide feedback to help us improve the course and maximize student learning outcomes.

Instructions: Using the understanding that you now have at the end of this course, please mark an (X) to rate the items below about the education you have received.

	How would you rate your...		Very Low	Low	High	Very High	Does Not Apply
1.	Ability to apply design principles to web design?	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
2.	Ability to increase the 'Performance metric' of a website so that it scores well on a Chrome audit.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.	Ability to increase the 'SEO metric' of a website so that it scores well on a Chrome audit.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
4.	Ability to increase the 'Best Practices metric' of a website so that it scores well on a Chrome audit.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

	How would you rate your...		Very Low	Low	High	Very High	Does Not Apply
5.	Ability to increase the 'Accessibility metric' of a website so that it scores well on a Chrome audit.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
6.	Ability to write the JavaScript code for a navigation toggle on a website.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
7.	Ability to load a modularized JavaScript file into a website using ES6 JavaScript?	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
8.	Ability to style a website with modular CSS using SCSS, SASS, CSS Custom Properties, Bootstrap, or Tailwind.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
9.	Ability to optimize images for a website across screen sizes and devices.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
10.	Ability to style a website with responsive design using CSS so that it can be viewed on across screen sizes and devices.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
11.	Ability to teach web development to your own student.	Before this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
		After this course	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

12. What was the 'muddiest point' for you in this course?

13. If you could change one thing about this course, what would it be? Why?

14. Would you recommend this course to others?

☐ Yes ☐ No ☐ Maybe

Why?

15. Please rate your instructor on a scale of 1 to 10 and explain why you have chosen that rating.

Conclusion

In conclusion, this report includes a summative feedback questionnaire designed to gather student perceptions of a 48 week web development course. Based on identified learning objectives and key course components, the questionnaire aims to provide actionable data for curriculum improvement. Analyzing responses will reveal strengths and areas for refinement, directly informing future iterations of the course to better meet student needs and enhance learning outcomes.
